Teacher License Reimbursement

Another year, another teacher license reimbursement day! For the seventh year, we reimbursed teachers in the WCSD who have completed the mentor program and received their standard teaching license!

This year, we celebrated **45 teachers in 15 different schools!** To congratulate them, we provide a \$100 check to cover the cost of their standard teaching license.

Mary K. Williams Endowment

Last week, we shared that we were a gracious recipient of a **\$1.8 million legacy gift from Mary K. Williams.** Mary K. spent 40 years as a kindergarten teacher, serving students at Whittier and Longfellow elementary schools. Even after retiring in 1980, Mary K. held a lifelong commitment to public education.

This gift will directly support students and educators within the WCSD by **expanding opportunities for family and parental involvement to increase student academic success.**

We are honored to carry on Mary K.'s legacy.
